Language	spanish
Level of Spanish required	No level required
Hours of class	45 hrs.
Credits	6 ECTS

Course description

The main objective of the course is to provide students with a general vision of the city of Barcelona, not only from an historic point of view but also artistic, literary or cinematographic. In the first term, students will see how the original Roman city grew to be a typical European medieval town and how, centuries later, it was the center of an artistic movement called the Modernism which change its appearance forever.

In the second term, we will follow the steps of some of the writers or movie directors who fell in love with the city to learn how they understood it and will be also seeing the most important changes of the city, especially the Olympic Games in 1992 to end up with the future Barcelona.

Methodology

In the first part, each session will be presented with a power point that students will study and prepare, then we will put it together and define or clarify it with the teacher. Active participation of students is expected.

The second part will be more practical, we will watch some of the movies related to the city, study the music, etc.

A significant aspect of the class will be guided visits to important monuments of Barcelona.
